KLSM Major Exercise for Oil Spill

March, 5th, 2008

KLSM carried out a major exercise for oil spill jointly with K-Line on 5th March 2008, on the supposition that a full-loaded VLCC on her way to the pilot station has collided with a coastal vessel.

The exercise was conducted with a captain on leave as a stand-in, and in the ambience of real emergency response at the KLSM Emergency Response Room. (Refer picture below)

And after the exercise, a simulation media conference was held with various participants, such as charterers, lawyers, P&I, media consultants, and staff from other companies within the industry.
