

Chennai Branch Office opening

Kline Ship Management (India) PVT LTD a subsidiary of Kline Ship Management Co., Ltd, Tokyo had opened Chennai Branch office on August 7th 2008.

The city of Chennai is the major city in South India where many Kline/KLSM seafarers are coming from and we expect it will continue to be one of major seafarers' sources in India and more to come on board of our ships. This branch office is the second base following Mumbai office as HQ in India. It will function as registration office for embarking to ships, focal point for families and coordinating office with scholars in various Maritime Universities and Institutes in South India.

We also plan to open other branch offices in India in the future.

Herein attached photos of the opening ceremony in Indian traditional "Puja".
